

## **Cork Harbour Bibliography**

**This document represents a compilation of references containing information on Cork Harbour – comprising publications from a range of sources – and providing a start point for any individual seeking to gather information on Cork Harbour. The references and have been grouped into two categories; 1) those with an environmental and ecological focus; and, 2) those that have a socio-economic or heritage focus. Within both categories the references are listed alphabetically by author(s).**

**This list will be updated as details of new reference material becomes available – and we invite you to submit the details of any omissions, thus assisting to make the list as comprehensive as possible. Please submit any material for inclusion to Cathal O'Mahony ([c.omahony@ucc.ie](mailto:c.omahony@ucc.ie) / 021 4703111).**

**(March, 2009)**
